

ANOTHER GOOD MAN GONE WRONG.

Charles F. Pfister, One of Milwaukee's Wealthiest Citizens,
Indicted by Grand Jury.

IS CHARGED WITH STEALING.

Mixed He Took Fourteen Thousand Dollars Belonging to Wisconsin Rendering Co.

Milwaukee, Aug. 4.—Charles F. Pfister, one of the wealthiest citizens of Milwaukee, was indicted by the grand jury of Milwaukee county today, charged with stealing \$14,000 belonging to the Wisconsin Rendering company of this city. At the same time indictments were returned against four others, the charge of bribery being alleged in three of the indictments and one of perjury. The list of persons for whom citations were issued is as follows:

Charles F. Pfister, capitalist, one indictment; bribery.

John F. Dittmar, formerly supervisor, one indictment; bribery.

George F. Reichart, 14 counts; bribery.

Barney A. Eaton, state senator, one indictment; bribery.

Frank F. Schultz, formerly newspaper reporter, one indictment; perjury.

The indictment against Mr. Pfister alleges that on March 26, 1901, the accused was indicted for the purpose of obtaining from the company a valuable contract from the city of Milwaukee for the disposing of garbage, if not so used the money was to be returned to the company. It is charged that the money was not so used, and that Pfister converted it to his own use.

The indictment caused a profound sensation. Mr. Pfister is engaged in many of the largest enterprises of Milwaukee. He is a director of one of the leading banks, owns a large interest in a big tannery, is proprietor of a large hotel and owns one of the leading newspapers of the city. Mr. Pfister issued a statement declaring the charge absolutely false and with no foundation whatever.

The other four indictments are in no way connected with the charges against Pfister.

Tonight's batch of indictments makes the total number so far returned by the present grand jury 153. The jury has taken a recess until Aug. 22.

JAPANESE LITTLE PESSIMISTIC OVER PEACE PROSPECTS.

Tokyo, Aug. 4.—The Russian emperor's recent responses to petitions and the utterances attributed to M. Witte while discussing Russia's attitude toward the peace conference are creating a somewhat pessimistic feeling here relative to the result of the conference, although many completely discount the public utterances of the emperor and M. Witte. It is confidently believed that the credentials of M. Witte and his associates will prove satisfactory.

A large section of the public always has doubted that Russia was entering the conference in good faith, and has asserted frequently that Russia is trying to force Japan to show its hand, gain the advantage of an armistice or secure a diplomatic advantage which will deprive Japan of the fruits of its victories. It is now pointed out that Russia is in various ways endeavoring to minimize the effect of the Japanese victories so as to enter the conference not as a beaten power but upon an equal footing with Japan.

The near approach of the meeting of the plenipotentiaries is again centering popular attention on the question of the conference. Public sentiment seems permeated with a grim determination to secure conditions regarded as commensurate with Japanese successes and assurances that peace will be permanent, or to continue the war.

Cossacks Kill Strikers.

St. Petersburg, Aug. 4.—An official account received here today of the strike on the Novorossiysk-Vladimir Kavkaz railway describes a sanguinary encounter between the troops and workmen, who were attempting to prevent the departure of a mail train. After one Cossack had been killed the strikers advanced menacingly, whereupon the infantry fired, killing 30 of the strikers and wounding 22.

Dr. Goebel's Appeal Denied.

San Francisco, Aug. 4.—Dr. Julius Goebel, former head of the department of German languages at Stanford university and who was retired from the faculty by President Jordan, has vainly petitioned the board of trustees of the university for a hearing. The board has decided that it had no jurisdiction in the matter. By way of showing appreciation of the past services of Dr. Goebel, however, the board voted him a year's salary as a mark of esteem.

Raid on Social Democrats.

Warsaw, Aug. 5.—Detectives today made a successful raid on a coffee house in Crochmalna street, in the Jewish quarter, and captured 70 members of the Social Democratic party, 30 of whom are organizers.

British Day Celebration.

Providence, R. I., Aug. 5.—Past and present subjects of Great Britain who today in this vicinity were out in force for the occasion being the celebration of British day at Crescent park. The feature of the day was the presence of the Duke of Cornwall's own (Portsmouth) Canadian regiment which came here from Ottawa to attend the celebration. The visiting regiment received an ovation.

Automobile Races Postponed.

Detroit, Aug. 5.—Rain again today necessitated a postponement of the automobile races at the Grasse Pointe track.

TEA

Your grocer has also our coffee baking-powder extracts spices and soda.

All alike as to truthness and goodness.

Schilling's Tea is a good standard to measure your grocer with.

SOCIAL AND PERSONAL.

The dancing party at the University club last night was a delightful affair and was enjoyed by a large number. The rooms were prettily decorated and a choice musical program rendered for the dancing.

Among the many parties planned for August tonight will be one comprising the following: Misses Bess and Mildred McMillen, Miss Leta McMillen, Miss Edith Argue, Messrs. Harold Lamb, Wallace Bredemeyer, Theodore Gentish and Albert McCormick.

Mr. and Mrs. W. S. Romney, their son E. W., Miss Ada Blinn, and Mr. and Mrs. John H. Burrows left this morning for Portland. After visiting the fair and various points of interest in the northwest, they will go by steamer Columbia to San Francisco, returning home by way of Los Angeles over the Salt Lake Route. It is expected that Mrs. Romney, Mrs. Burrows and Miss Blinn will make an extended stay in Los Angeles.

Mr. and Mrs. Charles Henrotin and child are here from Kimberly, South Africa, visiting with Mrs. Henrotin's parents, Mr. and Mrs. R. Alf.

A dinner party was given at the Knutsford last night by Messrs. A. M. Jacob and George J. McLaughlin of Rochester, N. Y., in honor of Mr. and Mrs. A. D. Reynolds, the other guests being Miss Ethel Young of Ogden, Miss Louise Walden, Miss Grace Thompson, Miss Mildred Ott and Roscoe Bredemeyer.

Miss Majorie Higgins is the guest of Mr. and Mrs. Henry Catlow and family at Brighton for a week.

AT THE RESORTS.

With bathing as near perfection as possible and a number of special attractions on the daily program Saltair is getting big patronage this season. In fact the returns so far are said to have exceeded those of previous years by a good margin. Considerable interest is being manifested regarding the feats of marksmanship indulged in by Dr. Carver and the work of his diving horses, which plunge from an elevated platform into a tank of fresh water 10 feet deep, 30 feet below. This performance takes place daily just east of the cafe, and is proving to be one of the best attractions that has been put on at the popular resort.

Tomorrow afternoon Christensen's orchestra will give a concert commencing at 4:30 p. m. as follows:

March, "Jolly General".....Holzman
Selection, "Don Carlos".....Verdi
Soprano solo, "All For You".....

Miss Edna Evans.
Overture, "Merry Wives of Windsor".....

Nicolaï
Waltz, "Emperor".....Strauss
Baritone solo, "I'm Longing For You, Sweetheart, Day by Day".....

With orchestra accompaniment
Selection, "American".....Casey
Mr. Chas. Kent.

Selection, "America".....Czibulka
March, "Office of the Day".....Hall
Intermission until 7:30 p. m.

March, "Chop Sue".....Ackley
Selection, "Singing Girl".....Herbert
Soprano solo, "Sing Me To Sleep".....

Green
Miss Edna Evans.
Overture, "Zampa".....Herold
Waltz, "Cassino Paganini".....Gungl
Baritone solo, "My Mercedes".....Wells

Mr. Chas. Kent.
Fantasia, "American".....Bendix
March, "The Giggles".....Haine

The annual outing of the Davis stake Sunday school occurs at Lakoon on Monday and the day has been selected also as the one on which Kayville and Bountiful will settle the much debated question as to supremacy on the baseball diamond. More than usual interest is attached to the game on account of the keen rivalry between the two cities. It is asserted that certain residents of Kayville have promised every member of their team the sum of \$5 provided that they win the game. Today a gentleman was in Salt Lake securing the services of an unbiased umpire to referee the game.

It will be remembered that at Saltair on Tuesday next and a very heavy attendance of the store's patrons is expected. A fine program is under way and it is confidently anticipated that the occasion will be one of the largest that any business house has made possible.

BAD PROVIDER.

Ann S. Peterson Alleges That Her Husband is a Failure.

Ann S. Peterson filed suit in the district court today against Haber H. Peterson on the ground of failure to provide. They were married in this city on Sept. 8, 1897, and have two children. It is alleged that defendant has failed to provide for plaintiff ever since their marriage, and she has been compelled to rely upon her parents for support. She asks for the custody of their children, for \$25 per month alimony, and for the possession of their household goods and a horse and buggy.

ARRIVED "TOO LATE."

Nothing Will Come of Salt Lake Land Registration Petition.

President Theodore Roosevelt didn't spend much time reading the petition of Utah people concerning the establishment of a registration office in Salt Lake City, according to the official documents which found a place on the document as it went to its final resting place in the land office. The statement issued by Commissioner Richards stating forth that the office here would only add greatly to the percent of gambling on reservation lots, seemed to settle the question, so far as the federal government was concerned, and the slenderous attack made on the commissioner by local parties, in which it was predicted that Richards would be forced to name Salt Lake by higher authority, seemed also to try up somewhere before it disturbed the national authorities on their peaceful vacation.

Time was when any slander on Utah could get a hearing. The opening of so many to find that there was nothing to them, has helped each in its own way to make the nation wary of canard thrasher from local sources, whether ministerial or of the laity. At Oyster bay the petition remained dead for three days or more, and then went to Acting Secy. of the Interior Ryan; by him it was passed on without more comment than the stereotyped "respectfully referred" the commissioner of the general land office, which brought it back to Mr. Richards, himself. The acting land commissioner is now understood to be framing a reply to the petitioners, merely explaining that the petition reached the land office too late for consideration, as the registration was already under way.

HOUSE FLY AND TYPHOID FEVER.

State Board of Health Issues a Circular Dealing With the Subject.

PRECAUTIONS ARE OUTLINED

Seventy Localities in Utah Are Reported Free From Contagious Disease of Any Description.

The secretary of the state board of health publishes today the following circular:

"The season of increased prevalence of typhoid fever is approaching, and individuals and communities should be made to realize that many lives may be saved from its ravages by the careful observance of simple precautions.

Attention is called to the fact that it is caused solely by organisms given off in the excreta of a person affected with the disease. These organisms are exceedingly minute but potent and liable to infect any person in whose intestines they may find lodgment. The usual channel by which they are taken into the body is drinking water; milk and other uncooked foods may also contain them as a result of the contact of contaminated flies. The law provides for the disinfection of excreta from typhoid cases, and health officers should strictly enforce this most important measure. If it were conscientiously observed in all cases, the disease would soon be completely exterminated by this means alone, the seeds thus being destroyed instead of sown broadcast.

In the meantime all water used for drinking purposes should be treated as suspicious and should be boiled. Milk should be carefully protected from flies, and if suspected as to its purity should be sterilized by boiling. Fruits and other foods should be kept from contact with flies; and the latter should be carefully excluded from houses. In addition to these measures, health officers should require the disinfection of all vaults by lime or some other efficient disinfectant and insist that they shall hereafter be maintained in a sanitary condition."

The June bulletin of the state board is being published today, and shows the total number of deaths in the state from all causes to be 178; the number of towns and districts reporting being 115. The localities free from contagious diseases number 70; scarlet fever, 53 cases, and no deaths; smallpox, 53 cases, no deaths; diphtheria, 58 cases, 7 deaths; typhoid fever, 11 cases, one death; whooping cough, 45 cases, one death; measles, 290 cases, 2 deaths;

chickenpox, 28 cases, no deaths; pneumonia, 19 cases, 8 deaths; tuberculosis, 2 cases, 1 death.

BUTCHER ARRESTED.

Murray Meat Sailer Deserts Wife and Child for Another Woman.

Frank Hoffman, a butcher residing at Murray, was arrested yesterday by Deputy Sheriff Bridge upon the charge of adultery. He was taken before Justice of the Peace Bishop and placed under bonds in the sum of \$1,000 in default of which he is now in the county jail awaiting a hearing.

According to the facts as received by Sheriff Emery, the man left a wife and child in Pueblo, Colo., and came to Murray, where he engaged in business. Since his arrival in Murray it is claimed he has been living with another woman as his wife. Mrs. Hoffman and her child arrived in the city a few days ago and upon learning the facts reported them to the sheriff and Hoffman's arrest followed.

SUSPICIOUS.

"Russel Sage has a penetrating mind," said a New York broker. "He can see through nearly everything. I doubt if he was ever duped on an investment yet."

"They say that two promoters once called on Mr. Sage to try to interest him in a certain scheme of theirs. They talking to the great financier about an hour. Then they took their leave, having been told that Mr. Sage's decision would be mailed to them in a few days.

"I believe we've got him," said the first promoter hopefully, on the way home.

"I don't know," rejoined the other. "He seemed very suspicious."

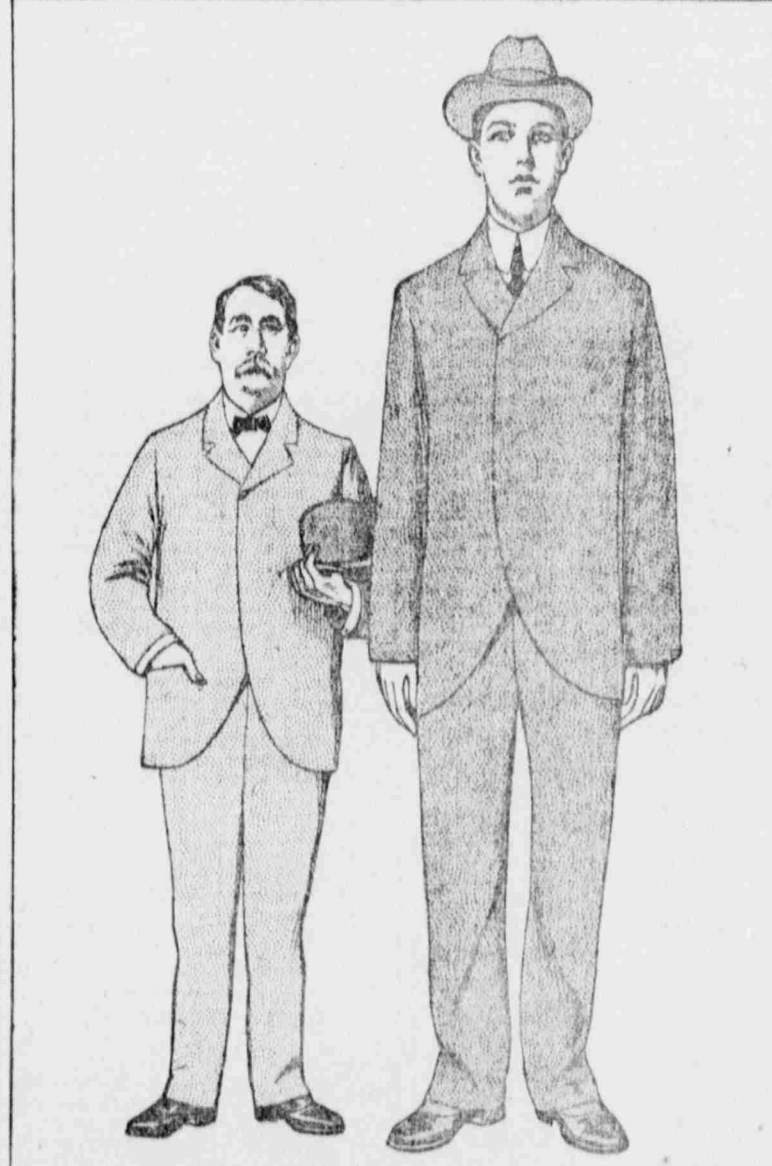

"Suspicious?" said the first. "What makes you think he was suspicious?"

"Didn't you notice," was then replied, "how he counted his fingers after I had shaken hands with him?"

To Plan A STORE ADVERTISING CAMPAIGN

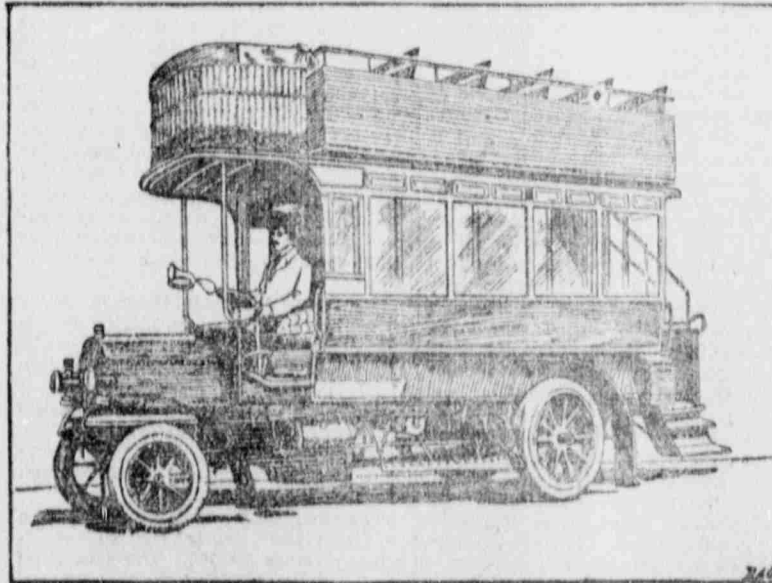

REQUIRES some imagination as well as judgment—nerve as well as knowledge. Every such campaign should include the occasional "surprise," the special stroke of enterprise when least expected either by competitors or patrons; the "broadside" of publicity at seasons when lethargy usually prevails.

A WONDERFUL MICHIGAN GIANT.

Louis Mollenen, the tall Michigan giant shown in the cut, is only nineteen years of age and is still growing quite rapidly. He is now seven feet eight inches in height and weighs 370 pounds. As may be seen, he is well proportioned, and he is reputed to be as strong as an ox. He has worked underground as a miner ever since he was a small boy, and that rather unfavorable mode of living has not stunted him. His parents are undersized, his mother weighing less than a hundred pounds. The man standing beside Louis in the picture is six feet in stature.

THE FIRST MOTOR OMNIBUS POSTOFFICE.

The Isle of Wight has inaugurated a line of motor omnibuses like that illustrated in the cut, and they are in daily use in that picturesque spot. These vehicles not only carry passengers, but they are fitted with pillar letter boxes. Another use to which these motor vehicles have been put is to act as perambulating bookstores. The roads in the Isle of Wight are the finest in the United Kingdom, and their perfect condition adds largely to the success of the project.

THE YOUNGEST MUSICAL CONDUCTOR.

The bright faced Jewish lad shown in the picture is Max Darewski, who has recently been regularly licensed to conduct the Queen's Hall orchestra at the national Sunday league concerts in London. Max is only ten and a half

years of age and is the most juvenile bona fide conductor in the world. He was formerly the leader of a famous Hungarian band, but the authorities interfered on account of his tender years. He is a most remarkable musician, being able to play on almost all the various instruments used in orchestras.

About 200 feet deeper than three-quarters of a mile (4,162 feet) payable gold quartz has been found at Bendigo, Australia.

See diving horses, Saltair, today, 4:30 and 7:30 p. m., free.

\$100.00 to man who can ride white horse in his dive at Saltair.
